Pop on Screw Covers & Bases

Covers: Matte Finish

Ultra Violet Stabilized Polypropylene covers and bases help shield screws from corrosive environments.

Their smooth finish forms a protective barrier against rough-edges.

For use with flat head and oval head tap ping screws and round head machine screws.

They're simple to use:

1. Place washer over pilot or starting hole for screw, nail or rivet.
2. Install fastener
3. Place Snap Cap over washer at slight angle.
4. Simply push Snap Cap down firmly.

Screw Cover Bases
